

Emily “Emma” Lysyk

Full Stack Web Developer and Graphic Designer passionate about creating and maintaining elegantly functional and responsive websites and software. Effective at combining artistic creativity and logical problem solving to develop user-friendly applications.

RECENT PROJECTS

Dinner with Kanye and Taylor —

<https://github.com/emacartoon/Dinner-with-K-T>

An entertainment website that generates random conversations pulling from the Kanye Quotes, Taylor Swift Quotes, and Dad Joke APIs. Worked on wireframes, project management, CSS, and HTML. Helped with JS

Employee Manager —

<https://github.com/emacartoon/Employee-Manager>

Solo project to create a backend of an Employee Manager program using JavaScript, Node.js, Inquirer, and MySQL.

Day Planner —

<https://github.com/emacartoon/Scheduler>

Solo project to create a scheduling application that saves the data in LocalStorage using HTML, CSS, Node.js, Moment.js, and jQuery

RECENT AND RELATED EXPERIENCE

Chai Monster Labs, LLC (formerly known as Em2a Studios), Mesa, AZ Freelancer

MARCH 2006 - CURRENT

- One person art, marketing, manufacturing, and web development team. Former clients include NATN-SEEDs of AZ, Red Balloon Café, HRI-ME International;
- Created and updated over 20 websites in WordPress, Joomla, Shopify, Square, Wix, and Etsy, managing content and branding;
- Created over 500 illustrations and animations for print, web, and laser engraving, as well as created, re-created, and redesigned logos, websites, and flyers;
- Designed, created, sourced, produced, and photographed promotional and product items for companies of various industries to be used in both print and web;
- Consulted on a dozen successful Kickstarters, and produced backer rewards for these in a timely fashion
